PRODUCT DESCRIPTION

Intimus Powerline PL212 21 Automatic Electric Cutter with FAIM The Martin Yale PL 212 21inch PowerLine automatic electric paper cutter is a fully automatic electric paper cutter that cuts paper up to 21 3 8 inch wide and stacks of paper up to 2 7 8 inch high. It features an automatic paper clamp, which securely holds the paper in place, ready to be cut. Two hands are needed to operate this machine. The manual back gauge allows the user to adjust paper alignment accordingly. Removing the clamp plate permits the user to cut carbonless and other delicate papers. For maximum safety, the Martin Yale PL 212 paper cutter comes equipped with dual push button cutting control, safety guards and keyed access. FEATURES Automatic paper clamp operation Manual back gauge with analog readout Cutting line light for easy reference and quick set ups Attachable false clamp for carbonless and other delicate papers Legs adjust up to 11 2 to facilitate leveling Cuts paper stacks up to 2 7 8 high 16 of table space in front of blade Keylock access prevents unauthorized use Dual push button cutting controls for safe two handed operation Pictured with optional side tables PL2T Dimensions 341 4 x 471 2 x 491 2 Weight 755 lbs. Supply Voltage 220 240V Setup and training available at additional cost. With FAIM you get Installation by a factory authorized installer Application and use training by a factory installation installer Up to two additional, no charge maintenance calls during the first year by a factory authorized installer Replacement parts free for one year from the date of installation except for consumables such as rubber wheels and rollers; slitting, perforating and scoring wheels; blades, cutting sticks; etc . Why FAIM might make sense for you If you sell consumables, such as paper or forms, you can now sell bursters, decollators, folders and cutters to your customers No need for your
