PRODUCT DESCRIPTION

The Keencut 60735 Sabre Series 2 General Purpose Paper Cutter is a 60 inch model uniquely designed to cut a wide range of sheet materials. The 60735 provides a straight, square clean cutting operation with each pass. Superbly styled, the extruded and silver anodized aluminum base incorporates a narrow groove to accept the blade tip when cutting. The innovative hinge and lift arm mechanism makes it possible to cut materials which are longer than the length of the cutter. All work is held perfectly in place while cutting with the full length silicon rubber grip strips which are mounted in the surface of the base and on the underside of the cutter bar, providing protection for even the most sensitive surfaces. Optional Stand Available

PRODUCT SPECIFICATION

Max. Cut Thickness	.19 in.
Max. Paper Cutting Length	60 in.
