PRODUCT DESCRIPTION

The Keencut Classic rotary cutter is a machine which combines superior performance, construction and durability for those users who are more comfortable with the familiar operation of traditional overhead rail rotary trimmers.

PRODUCT FEATURES

All parts and components are CNC machined to ensure repeat accuracy cut after cut.
All-aluminum 15 in. deep base won't crack during shipping or wear out over time.
Full length metal end castings secured at 3 points on each side won't come loose.
Weight: 24 lbs
