PRODUCT DESCRIPTION

Martin Yale Intimus PowerLine PL21 21 Semi Automatic Paper Cutter The Martin Yale 21 automatic electric paper cutter PowerLine cutter is a semi automatic electric paper cutter that cuts paper up to 21 3 8 wide and stacks of paper up to 2 7 8 high. It features a manual paper clamp operation, which securely holds the paper in place, ready to be cut. The manual back gauge allows the user to adjust paper alignment accordingly. Removing the clamp plate permits the user to cut carbonless and other delicate papers. An analog display keeps the user informed of operations. For maximum safety, The Martin Yale 21 automatic electric paper cutter comes equipped with dual push button cutting control, safety guards and keyed access. Optional side tables are available for a larger workspace. FEATURES Manual paper clamp allows more pressure than auto clamp units. Manual back gauge with analog readout. Cutting line light for easy reference and quick set ups. Attachable false clamp for carbonless and other delicate papers. Legs adjust up to 1 1 2 to facilitate leveling. Cuts paper stacks up to 2 7 8 high with 16 of table space in front of blade. Minimum cut of 1.37 avoids paper waste. Dual push button cutting controls. Pictured with optional side tables. Dimensions L x W x H 34 1 4 x 47 1 2 x 49 1 2 Shipping Weight 720 lbs Setup and training available at additional cost. With FAIM you get Installation by a factory authorized installer Application and use training by a factory installation installer Up to two additional, no charge maintenance calls during the first year by a factory authorized installer Replacement parts free for one year from the date of installation except for consumables such as rubber wheels and rollers; slitting, perforating and scoring wheels; blades, cutting sticks; etc .
